

## Services

The goal of our service is to encourage and maintain independent living with assistance available as needed. Quality of life is enhanced as control, personal decision making and encouragement are provided to each individual client.

Additional services which may be purchased separately include: traditional home care and Health Watch – an emergency response system.

At the Washington Manor, we strive to meet the needs of our clients in the most effective, safe and efficient way.

Please call **Spectrum's** friendly staff, who will be glad to answer any of your questions.

ASSISTED LIVING

A Spectrum Health Company

## *Assisted Living*

Through the collaboration of the Washington Manor and Spectrum Community Health, Inc., you have access to a full array of assisted living and home care services!

If you are interested in assisted living services, please call for a free assessment by a registered nurse.

**Spectrum's Assisted Living** services are designed to provide assistance with activities of daily living so you can live independently in your place of residence. Services available seven days per week include bathing, personal cares, medication management, light housekeeping, meal preparation, laundry services, and grocery shopping.

## *A Professional and Caring Staff*

Services are provided by a registered nurse, licensed practical nurse, home health aide, and homemakers, depending on the skill level needed.

## *Peace of Mind*

The **Spectrum Assisted Living** program is provided by Spectrum Community Health, Inc., a Medicare certified home care agency. We are also a state licensed assisted living provider. A registered nurse is on-call 24/7 for after hours questions or urgent needs.

Each resident has an individual care plan developed by the resident and RN and is authorized by the resident's physician.
